## Product End of Life Notification

**EOL No: 2010-02-08-02**

**Report Date: February 8, 2010**

**Subject: 24064-1U Graphic LCD FSTN – RGB End of Life**

---

### List of Products to be Obsolete :

MOP-GL24064R-BSST
GLK24064-16-1U-TC
GX24064-TC-BBI-xx
Display Modules with PC Mounting Brackets, BGK-xx-TC
All Options: -LV, -V, -VPT, -E

Matrix Orbital is discontinuing the FSTN 24064-1U displays, colour extension '-TC'. We recommend the use of the FSTN 24064-1U displays, colour extension '-TCI' in replacement for the FSTN 24064-1U obsoleted displays.

The '-TCI' is the inverse of the '-TC' where in the text has the capability of RGB combination colours instead of the background backlight.

### Schedule of Change:

January 31, 2010

## Documentation Revision

Revision	Changes	Date	Author
1.0	Initial Release	February 8/10	R. Malinis
